Interacting with the
Museums have
always
been overwhelming

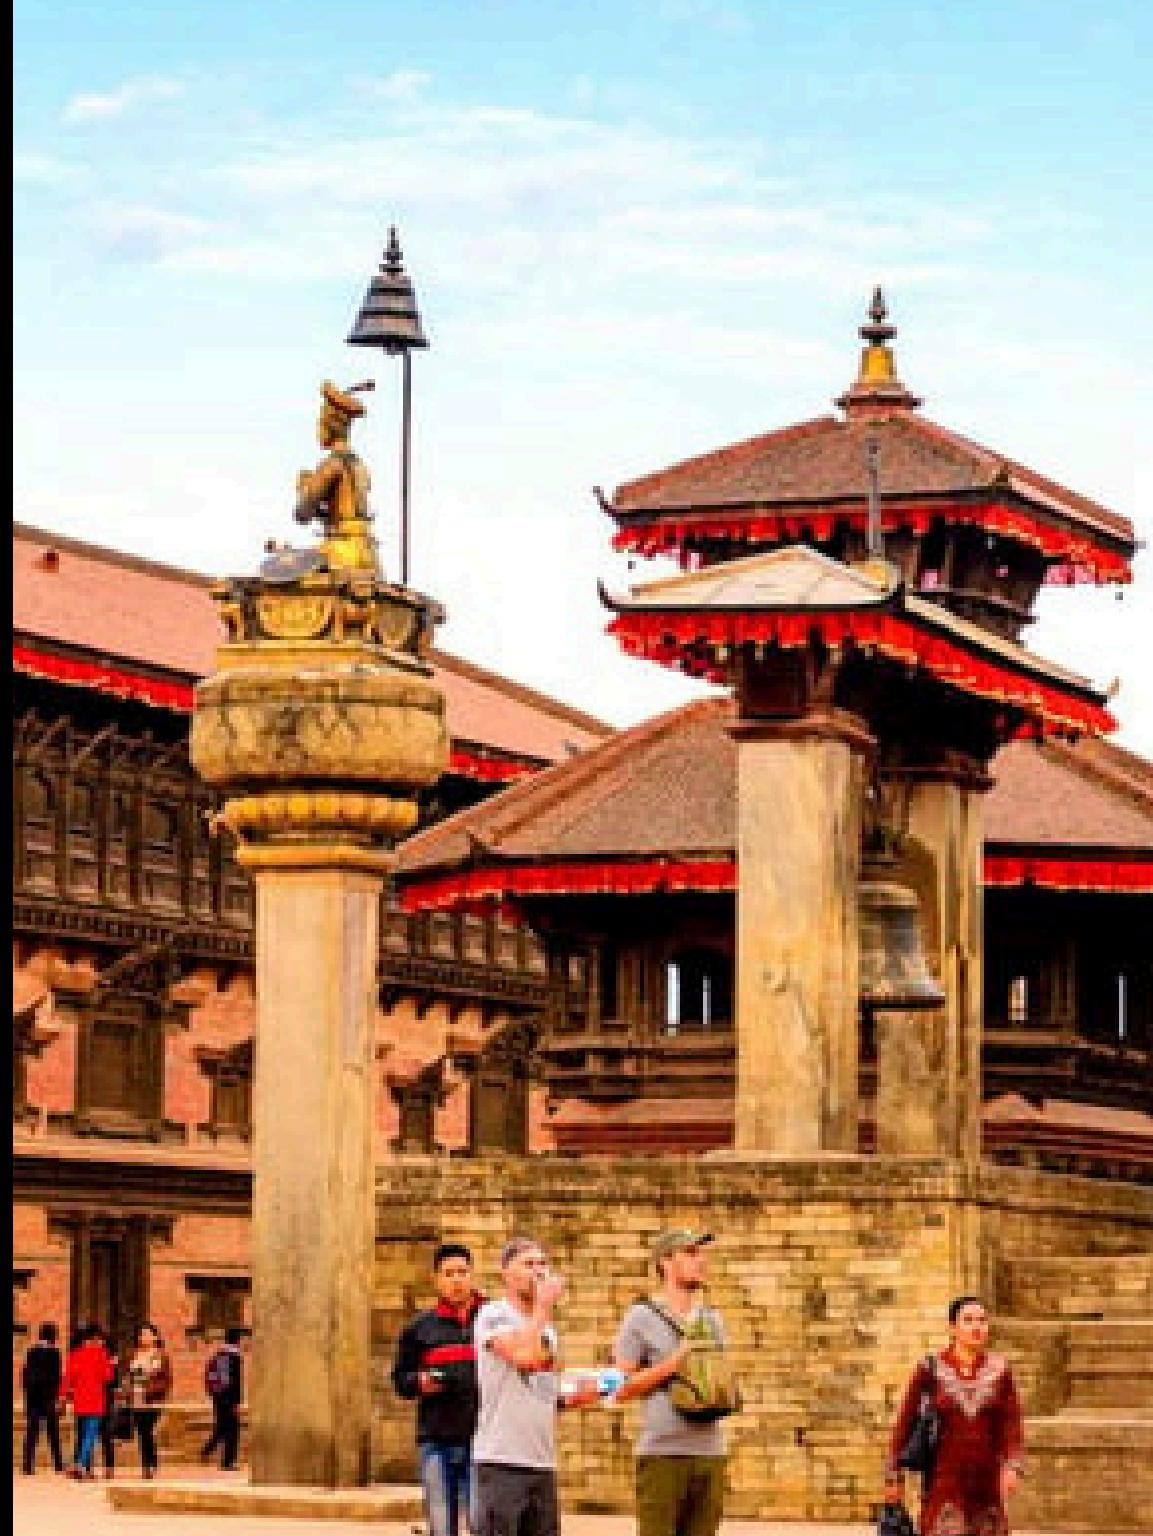

Mission

To shape the method of exploring places, discovering knowledge and gaining information seamlessly, naturally like you'd see and process through your brain

Introduction

- AR Based Mobile Application
- Interactive Guidance
- Real Time Infotainment
- Smoother Knowledge Transfer
- Dynamic Data and Base

High amounts of
tourists both local
and foreign end up
leaving museums
with *outdated*
knowledge

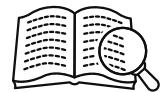

Problem Statement

Information Absence

Missing or Not
Present

Limit and Insufficiency

Word and Space Limit

Language

Unsupported Language
and Lack of translation

Overwhelming

Lack of Filter for
information

Solves it all

The screenshots illustrate the user interface of the "useAR" app across various screens:

- Select your Museum Experience:** Shows two options: "01 Narayanhiti Royal Palace" and "02 National Museum of Nepal".
- Welcome to AR Museum Guide:** Shows a search bar and two options: "01 Narayanhiti Royal Palace" and "02 Patan Durbar Square".
- Copper Mahadev Head:** A detailed view of a golden copper head statue with a video overlay showing a 3D reconstruction.
- トゥラナラヤン寺院:** Another view of the same statue with Japanese subtitles.
- Saved Artifacts:** A list of saved artifacts including "Copper Mahadev Head", "Ganesha", and "Dhilikki from 19th Century", each with a detailed description and thumbnail.

How AND What ?

Data-driven/Dynamic/Secure/Connected

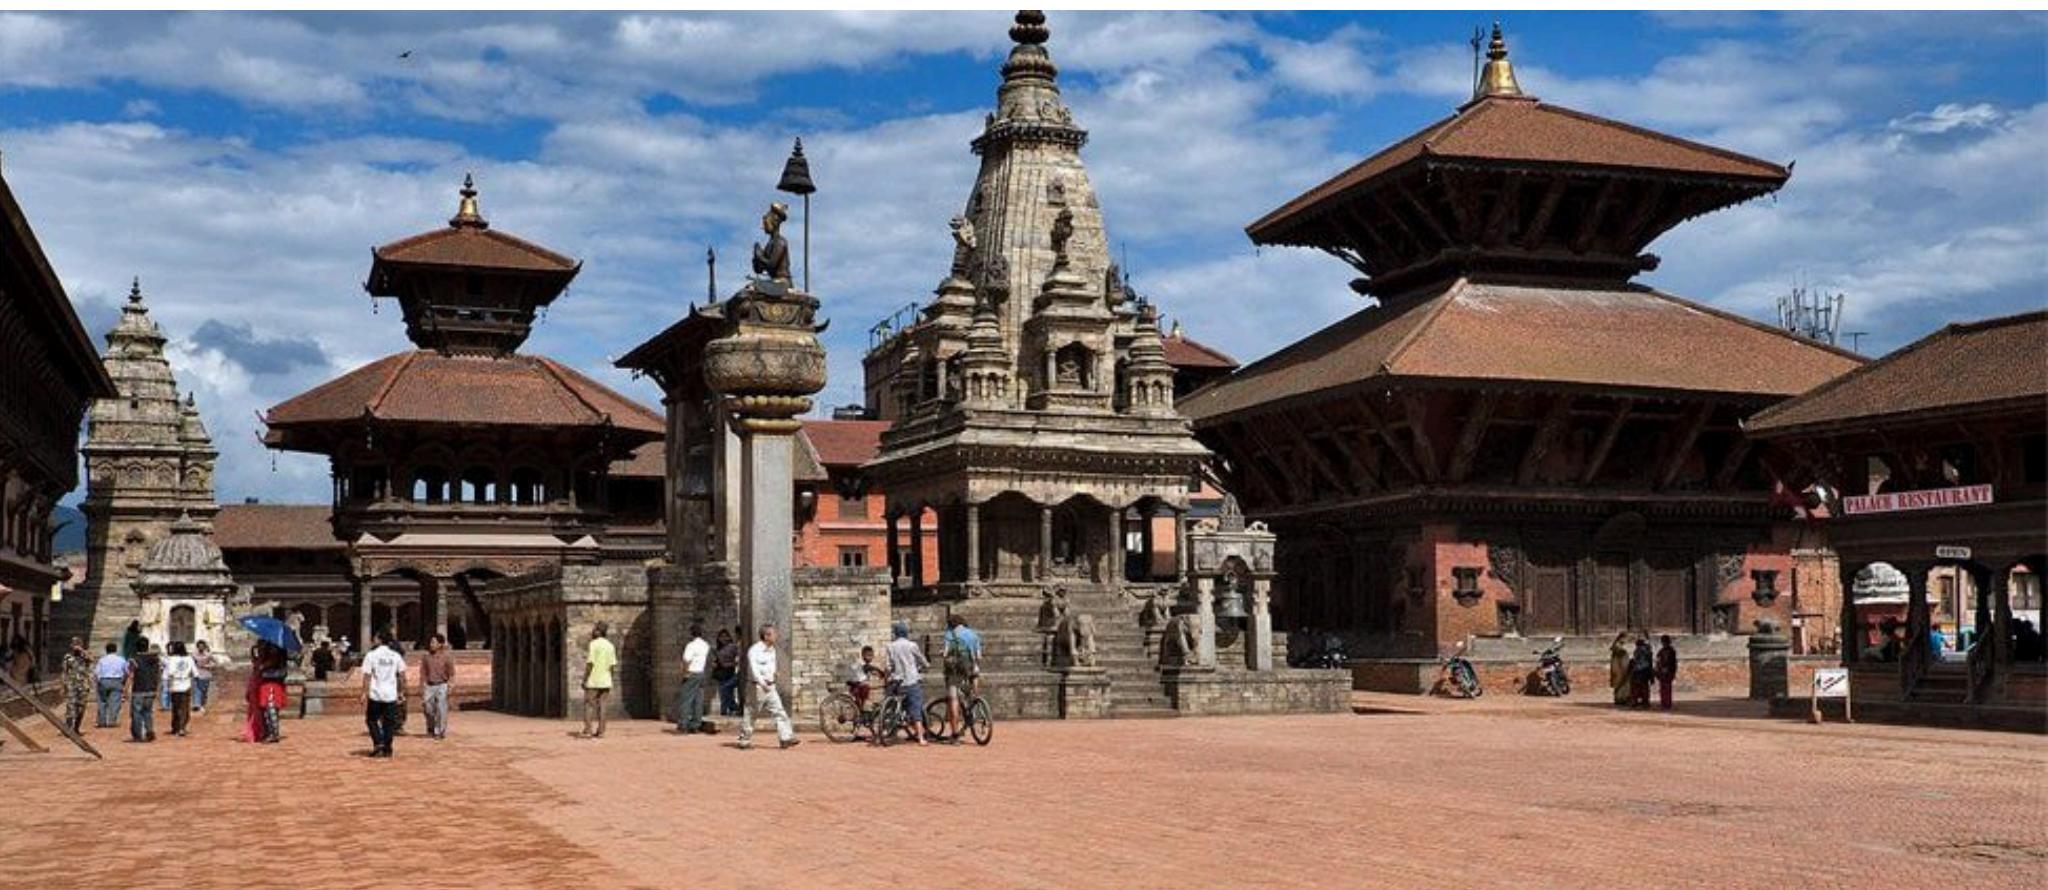

Open

Display the
information card

Museum owners can
update artifacts

Competitive Analysis

We took a step back to survey our industry's competitive landscape, in order to gain insights that would allow us to better serve our clients. We achieved that and also gained a deeper understanding of our place in the creative industry.

Size of Market

Helping Museums Scale

Museums

- In Nepal there are more than 50 different kinds of museum

Number of Tourists

- Acc to Patan Museum Data, more than 107000 people visited Patan in the year 2079

Revenue

- Such high number of tourists allows more economic growth and stimulation

**Join us in revolutionising
access to ideas and emerging
technologies.**

Thank You!
Let's move forward to our project
demonstration

For a live demonstration we visited to Panauti museum and tested our prototype which was a great successs!

It was a very exhausting and time consuming to visit the location . Yet! Team Peak did it!
